Notice Concerning Acquisition of Shares by a Consolidated Subsidiary (Acquisition of a Sub-subsidiary)

We hereby announce that FreeBit Co., Ltd. (the "Company"), at the Board of Directors meeting held today, resolved that GIGA PRIZE Co., Ltd. ("GIGA PRIZE"), a consolidated subsidiary of the Company, will acquire all of the issued shares of LINECT Co., Ltd. ("LINECT") (the "Share Acquisition"), as set forth below.

1. Purpose of the Share Acquisition

GIGA PRIZE, a consolidated subsidiary of the Company, positions the provision of internet services for multi-unit residential buildings as one of its core services. These services are essential infrastructure that enhances the asset value of properties and supports the daily lives of residents, and GIGA PRIZE is working to expand the number of units served and strengthen its earnings base.

The market for internet services for multi-unit residential buildings is expected to see continued demand, as these services have become established as essential infrastructure. At the same time, overall market growth has tended to slow, and competition for existing properties has intensified while the installation operation has become increasingly difficult.

In this business environment, GIGA PRIZE intends to further strengthen its competitiveness and business foundation in this market by expanding new orders through a reinforced sales structure, as well as by pursuing growth in business scale and market share through M&A.

LINECT provides internet services similar to those of GIGA PRIZE nationwide, especially in Kumamoto Prefecture. The Company has determined that by GIGA PRIZE acquiring all of LINECT's issued shares and making it a subsidiary, the FreeBit Group (the "Group") will expand its service delivery platform and business scale for these services.

In addition, as part of its capital and business alliance with SoftBank Corp., the Company is working on "collaboration in telecommunications infrastructure and joint promotion of next-generation digital platforms." Through initiatives such as joint procurement of fixed lines within the Group, the Company is improving the cost

competitiveness of its telecommunications infrastructure. The Company expects that LINECT joining the Group will generate synergies with these initiatives, including greater economies of scale in line procurement and lower procurement costs.

Through the Share Acquisition, the Group aims to further grow its internet services for multi-unit residential buildings, strengthen its competitiveness and expand its earnings base in this market, and thereby enhance its corporate value over the medium to long term.
